

# Privacy Policy - Dorm Mart

Last updated: August 19, 2026

Dorm Mart is a UB-students-only marketplace that connects buyers and sellers. Sellers may optionally accept payments processed by Stripe. Dorm Mart does not handle delivery. This Privacy Policy explains what we collect, why, and how we protect it.

## 1) Scope

This Policy applies to the Dorm Mart website/app ("Service"). By using the Service, you agree to this Policy and our Terms & Conditions.

## 2) What We Collect

### Account & Profile

- Name (first, last)
- UB email address (@buffalo.edu)
- Graduation month and year
- Optional preferences (e.g., promos opt-in)
- Listings, messages, reviews, and other user-generated content
- Stripe connected-account identifiers and onboarding, payment, payout, refund, and dispute status
- Transaction details such as the Scheduled Purchase, amount, currency, timestamps, and Stripe object identifiers

### Usage & Device

- Log data (IP, timestamps, pages/features used)
- Device/browser info
- Cookies/local storage identifiers

### Support

- Messages you send to support and related metadata

Dorm Mart does not receive or store full payment-card details. Stripe collects payment details and may collect identity, tax, bank-account, Social Security number, or government-ID information directly from sellers as needed for verification and payouts. Stripe processes that information under its own privacy policy.

## 3) How We Use Data

- Account creation & authentication (UB email verification)
- Operating the marketplace (listings, search, messages, notifications)
- Offering optional Stripe payments, seller onboarding, payment status, receipts, refunds, and dispute notifications
- Security & abuse prevention (rate limiting, fraud detection, incident response)
- Legal compliance (lawful requests, enforcing Terms)

- Product analytics (feature usage, performance)

## **Communications**

- Service/transactional emails (required)
- Promotional emails (only if you opt-in; you can opt out anytime)

## **4) Legal Bases (where applicable)**

- Performance of a contract (provide the Service)
- Legitimate interests (secure, improve, prevent fraud)
- Consent (promotional emails, certain cookies)
- Legal obligations (comply with law/enforce Terms)

## **5) Sharing & Disclosure**

We do not sell your personal information.

We may share:

- Service Providers (hosting, analytics, email delivery, error monitoring) under contracts that restrict use to our instructions.
- Stripe, to create and operate connected seller accounts, process direct seller charges, confirm payments, issue refunds, support wallets, manage payouts, prevent fraud, and handle disputes and legal compliance.
- Safety & Legal (campus/public safety, lawful requests, rights enforcement).
- Business Changes (merger, acquisition, asset sale), with notice.

Your public listings and profile details are visible to other users. Direct messages are visible to the participants and system admins strictly as needed for trust & safety or legal compliance.

## **6) Cookies & Tracking**

- Strictly Necessary (auth/session, security): required.
- Analytics/Performance: aggregated usage to improve UX (only with legitimate interest or consent, depending on jurisdiction).
- No third-party advertising cookies.

Your browser may offer “Do Not Track”; we currently do not respond to DNT signals.

## **7) Data Retention**

- Account data: retained while your account is active.
- Listings/messages/logs: retained for operational, security, and audit needs; typically 12-24 months after deletion or account closure, unless required longer for legal reasons.
- Payment and refund records: retained as needed for receipts, disputes, fraud prevention, accounting, and legal obligations. Stripe retains data under its own policies.
- Backups: time-limited per backup rotation.

## 8) Security

We implement administrative, technical, and physical safeguards appropriate to the risk (e.g., encryption in transit, access controls, monitoring, hardened configurations). No system is 100% secure. If we detect an incident, we will investigate, mitigate, notify affected users and authorities as required by law (e.g., NY SHIELD Act).

## 9) Your Choices & Rights

- Access/Update: edit profile data in your account.
- Delete: request account deletion; we'll remove or de-identify data not required for legal/security/audit purposes.
- Opt-Out of promos: unsubscribe links in emails or update preferences.
- Copy/Portability/Restriction/Objection: available where applicable law provides these rights.

Contact us (below) to exercise rights. We may verify your identity.

## 10) Geographic Considerations

- Hosting: generally in the United States.
- International Students: if you access from outside the U.S., your data will be processed in the U.S., which may have different protections than your country.

## 11) Student Status & FERPA

Dorm Mart is a student-to-student marketplace and not an educational institution or service provider to UB for education records. FERPA generally does not apply to data you provide to us. Use discretion; do not share sensitive academic information on the platform.

## 12) Minors

The Service is for adults (18+). Do not use the Service if you are under 18.

## 13) Stripe and Other Third Parties

Built-in payments use Stripe. Payment details entered in Stripe's payment interface go directly to Stripe, and Stripe may use cookies or similar technologies for security and fraud prevention. Review Stripe's privacy terms before connecting an account or paying.

Links to other third-party sites and off-platform communications, payments, or deliveries are outside this Policy. Review third-party privacy terms before sharing information.

## 14) Changes to this Policy

We may update this Policy. Material changes will be posted with a new "Last Updated" date. Continued use means you accept the changes.
